

PRODUCT DATA SHEET

VDR 901

Tyre Construction: Radial

Type: Tube Less

Main Applications: Sprayer & Tractor

TRA Code: R-1W

Salient Features:

Directional Lug with zig-zig blocks:

- Excellent traction which decreases slippage, delivers lower fuel consumption, and increases overall productivity.
- Better Roadability.

Reinforced sidewalls and bead zones:

- Increased casing stiffness to carry extra load and easy of fitment.

Advance VF technology:

- Built to handle 40% more load than a conventional radial tire, or the same load at 40% lower pressure.

Extra Strong Casing with High Performance Steel belts:

- Provides exceptional puncture resistance, with even footprint to disperse load equally.
- SB offers better impact resistance and defend against stubble to enhance tire durability.
